* (200 mm drive)

Easy Installation & Cable Management System

The screwless layout enables quick and simple installation of components. The drive is mounted using quick-release fasteners. A cable management system ensures order in the case.

Efficient ventilation of the case

The Revoltec Sixty 8 features five installation spaces in all for installing fans.

A front-mounted 120 mm fan is included with delivery. The option is also available to mount one 120 mm fan in the rear, one 120/140 mm fan in the top and two fans in the side wall.

Front-Access

Two USB 2.0 ports, two audio connections and one eSATA port are available for the connection of external peripheral equipment on the front of the case.
